Abstract. The species *Macrosiagon ferruginea* (Fabricius, 1775) is newly recorded from Vietnam.

Key words: Faunistics, new records, Coleoptera, Ripiphoridae, *Macrosiagon*, Vietnam.

Introduction

The genus *Macrosiagon* Hentz, 1830 (Coleoptera: Ripiphoridae) is distributed worldwide with about 230 available species group names (Batelka, 2011). This presented faunal contribution newly records one species as new for Vietnam.

Material and Methods

Following abbreviations refer to the collections, in which the examined materials are deposited:
