

On *Euplectrus thanhi* Yefremova, 1994 (Hymenoptera: Eulophidae)

Z.A. Yefremova

Yefremova, Z.A. 2003. On *Euplectrus thanhi* Yefremova, 1994 (Hymenoptera: Eulophidae). *Zoosystematica Rossica*, **11**(2), 2002: 330.

The following new synonymy is established: *Euplectrus thanhi* Yefremova, 1994a (September) = *E. thanhi* Yefremova, 1994b (October), **syn. n.**

Z.A. Yefremova, Department of Zoology, Ul'yanovsk State Pedagogical University, pl. 100-letiya 4, Ul'yanovsk 432700, Russia.

By a mistake, my paper describing the species *Euplectrus thanhi* was published twice. The both publications appeared in 1994; the both descriptions of the new species were based on the same holotype. Accordingly, *E. thanhi* Yefremova, 1994a (September) = *E. thanhi* Yefremova, 1994b (October), **syn. n.**
