

New records of weevils from Ukraine and south of European Russia (Coleoptera: Apionidae, Curculionidae)

B.A. Korotyayev, M.Sh. Ismailova & S.B. Geliskhanova

Korotyayev, B.A., Ismailova, M.Sh. & Geliskhanova, S.B. 2007. New records of weevils from Ukraine and south of European Russia (Coleoptera: Apionidae, Curculionidae). *Zoosystematica Rossica*, **15**(2), 2006: 321-322.

Rhynchaenus? *stobieckii* Smreczyński, 1957 is recorded for the Caucasus for the first time; *Ceratapion transsylvanicum* (Schilsky, 1906) and *Ceutorhynchus buniadis* Penecke, 1928 are new to the northeastern Caucasus; *Ceratapion transsylvanicum* is also new to the Russian fauna. For *Squamapion samarense* (Faust, 1891), first precise localities in the Caucasus and new data on the general distribution are reported.
