

Illustrations of the general appearance of pyraloids collected in the Andaman and Nicobar Islands

Electronic supplementary material to the article: Rao B.S.K. & Sivaperuman C. 2021. New records of pyraloid moths (Lepidoptera: Pyraloidea) in the Andaman and Nicobar Islands, India. *Zoosystematica Rossica*, **30**(2): 215–221.

Figs 1–4. Pyraloidea from Andaman and Nicobar Islands. 1, *Arthroschista hilaralis* (Walker, 1859); 2, *Rehimena phrynealis* (Walker, 1859); 3, *Syllepte iophanes* (Meyrick, 1894); 4, *Herpetogramma cynaralis* (Walker, 1859).

Figs 5–10. Pyraloidea from Andaman and Nicobar Islands. **5**, *Palpita palpiflavata* Kirti et Rose, 1992; **6**, *Glyphodes onychinalis* (Guenée, 1854); **7**, *G. pulverulentalis* Hampson, 1896; **8**, *Patania plagiatalis* (Walker, 1859); **9**, *Cnaphalocrocis rutilalis* (Walker, 1859); **10**, *C. poeyalis* (Boisduval, 1833).

Figs 11–16. Pyraloidea from Andaman and Nicobar Islands. **11,** *Bacotoma binotalis* (Warren, 1896); **12,** *Omiodes barcalis* (Walker, 1859); **13,** *Omiodes decisalis* (Walker, 1866); **14,** *Agrioglypta excelsalis* (Walker, 1866); **15,** *Donacaula dodatellus* (Walker, 1864); **16,** *Pseudosacada flexuosa* (Snellen, 1890).

Figs 17–20. Pyraloidea from Andaman and Nicobar Islands. **17,** *Endotricha albicilia* Hampson, 1891; **18,** *Termiopycha conjuncta* (Warren, 1896); **19,** *Teliphasa nubilosa* Moore, 1888; **20,** *T. albifusa* (Hampson, 1896).
