### **NEWS**

**24/08/06** During the week of 21 August to 25 August 2006, 14 papers on [Pisces](#), [Amphibia](#), [Acari](#), [Crustacea](#) and Insects ([Hymenoptera](#), [Diptera](#), [Hemiptera](#), [Odonata](#), [Lepidoptera](#), [Coleoptera](#), [Scorpioners](#), [Ephemeroptera](#), [Megaloptera](#)) with a total of 264 pages were published by 32 authors representing 12 countries from N.-S. America, Europe, Australasia and Asia.

**14/08/06** The number of papers published in *Zootaxa* has exceeded 2000. The 1000th paper was published on 27 May 2005.

**03/08/06** Top five most accessed papers in July 2006:

**1880** hits [Zootaxa 1101](#) on Mollusca by R. BIELER & R.E. PETIT;

**1360** hits [Zootaxa 377](#) on Mollusca by R.E. PETIT

**1168** hits [Zootaxa 1180](#) on Diptera by B.J. SINCLAIR & J.M. CUMMING;

**912** hits [Zootaxa 1251](#) on Coleoptera by J.L. NAVARRETE-HEREDIA et al.;

**911** hits [Zootaxa 273](#) on Coleoptera by T. L. ERWIN & R. F. MEDINA.

**03/07/06** During January-June 2006, 145 issues of *Zootaxa* were published on 54 occasions in a total of 10939 pages.

**03/07/06** The [Information for authors](#) has been revised and updated. All authors, editors and reviewers are advised to read the new guidelines.

[More news.....](#)

### **A truly mega-journal making a difference for taxonomic research**

- *Zootaxa* publishes high quality zootaxonomic papers regardless of the length of each paper/monograph
- All manuscripts are peer-reviewed before acceptance
- Accepted papers are published as soon as they are ready, without delay
- Printed and online editions are published on the same day and both are available to subscribers
- There is no page charge for publishing with *Zootaxa*
- Open access of papers will be arranged if authors can pay a fee
- Authors are given free e-reprint upon publication
- Colour illustrations are published free of charge in the online edition

- [Subscribe & gain access](#)
- [Read sample papers](#)
- [What our users say...](#)
- [Find out more .....](#)

**Related series by publisher**  
[Molluscan Research](#)

- ISBNs are assigned to monographs (papers of 60 or more pages)
- Abstracts and excerpts of all papers are available free online
- Zootaxa is indexed in *Science Citation Index Expanded* and *Current Contents/ Agriculture, Biology & Environmental Sciences* by Thompson ISI (USA), and in *Zoological Record* by Thompson Biosis (UK)
