

# 2016 GGBN Conference

## Meeting the Challenge:

How to Preserve a Cross-Section of the  
Tree of Life

**Save the Date:**

June 21-24, 2016

Berlin, Germany

## 2016 GGBN Conference

The [Botanic Garden and Botanical Museum Berlin](#) and the [Museum für Naturkunde Berlin](#) are glad to welcome you to the 2016 GGBN conference, held from June 21 through June 24, 2016, in Berlin, Germany.

The [Global Genome Biodiversity Network](#) is a collaborative effort to cryo-preserve and provide access to genomic samples from across the Tree of Life.

### Sessions and Workshops are planned on

- Concerted collecting and sampling strategies to preserve the Tree of Life
  - Sampling the lost world in Natural History collections
    - Nagoya Protocol: consequences and solutions
  - Knowledge exchange: natural history meets applied biobanking
    - Implementing GGBN standards and best practices

The venue for this conference will be in the Berlin city-center, at andel's Hotel near Alexanderplatz.
