

SOMMAIRE / CONTENTS

NEL A., PETRULEVIČIUS J. F. & AZAR D., Palaeoentomology, a young old field of science .....	1
LUKASHEVICH E. D., PRZHIBORO A. A., MARCHAL-PAPIER F. & GRAUVOGEL-STAMM L., The oldest occurrence of immature Diptera (Insecta), Middle Triassic, France .....	4
POINAR G. JR., Palaeoecological perspectives in Dominican amber .....	23
JOLIVET P. & VERMA K. K., Good morning Gondwana .....	53
LIN Q.-B., NEL A. & HUANG D.-Y., The first agetopanorpine mecopteroid insect from Middle Permian of China (Insecta: Mecoptera: Permochoristidae) .....	62
KIREJTSHUK A. G., CHANG H., REN D. & KUN S. C., Family Lasiosynidae <b>n. fam.</b> , new palaeoendemic Mesozoic family from the infraorder Elateriformia (Coleoptera: Polyphaga) .....	67
PEÑALVER E. & GRIMALDI D. A., Latest occurrences of the Mesozoic family Elcanidae (Insecta: Orthoptera), in Cretaceous amber from Myanmar and Spain .....	88
AZAR D., NEL A., COTY D. & GARROUSTE R., The second fossil ceratocombid bug from the Miocene amber of Chiapas (Mexico) (Hemiptera: Ceratocombidae) .....	100
AZAR D., ENGEL M. S. & GRIMALDI D. A., A new genus of sphaeropsocid bark lice from the Early Cretaceous amber of Lebanon (Psocoda: Sphaeropsocidae) .....	103
PÉREZ-DE LA FUENTE R., NEL A., PEÑALVER E. & DELCLÒS X., A new Early Cretaceous snakefly (Raphidioptera: Mesoraphidiidae) from El Soplao amber (Spain) .....	108
MOSEYKO A. G., KIREJTSHUK A. G. & NEL A., New genera and new species of leaf beetles (Coleoptera: Polyphaga: Chrysomelidae) from Lowermost Eocene French amber .....	116
CHAPÉLIN-VISCARDI J.-D., VOISIN J.-F., PONEL P. & VAN DER PUTTEN N., <i>Pachnobium dreuxi</i> <b>n. g., n. sp.</b> , ses occurrences modernes et fossiles sur l'archipel Crozet (Coléoptère Curculionidae Ectemnorhininae) .....	125
SZWEDO J. & STROIŃSKI A., Austrini - a new tribe of Tropiduchidae planthoppers from the Eocene Baltic amber (Hemiptera: Fulgoromorpha) .....	132
PEÑALVER E. & NEL P., <i>Hispanothrips</i> from Early Cretaceous Spanish amber, a new genus of the resurrected family Stenurothripidae (Insecta: Thysanoptera) .....	138
GAO T., RASNITSYN A. P., REN D. & SHIH C., The first Praesiricidae (Hymenoptera) from Northeast China .....	148
NEL P., PEÑALVER E., AZAR D., HODEBERT G. & NEL A., Modern thrips families Thripidae and Phlaeothripidae in Early Cretaceous amber (Insecta: Thysanoptera) .....	154
MONTREUIL O., GÉNIER F. & NEL A., <i>Lobateuchus</i> , un nouveau genre de «bousier» fossile du nord de la France (Coleoptera: Scarabaeidae, Scarabaeinae) .....	164
VITALI F., <i>Diplocoelus probiphylus</i> <b>n. sp.</b> , the first known fossil False Skin Beetle (Coleoptera: Biphylidae) .....	168
ARCHIBALD S. B., Revision of the scorpionfly family Holcorpidae (Mecoptera), with description of a new species from Early Eocene McAbee, British Columbia, Canada .....	173
PROKOP J. & NEL A., New griffenfly, <i>Bohemiatopus elegans</i> from the Late Carboniferous of western Bohemia in the Czech Republic (Odonatoptera: Meganisoptera: Meganeuridae) .....	183
ORTUÑO V. M. & ARILLO A., Fossil carabids from Baltic amber -II - A new subgenus of <i>Bembidion</i> Latreille 1802 (Coleoptera: Carabidae: Bembidiini) .....	189
AZAR D. & NEL A., The earliest fossil schizopterid bug (Insecta: Heteroptera) in the Lower Cretaceous amber of Lebanon .....	193
AZAR D. & NEL A., Two new non-biting midges from the Early Cretaceous Lebanese amber (Diptera: Chironomidae) .....	198
HEADS S. W., New Tridactyloidea in Miocene amber from the Dominican Republic (Orthoptera: Caelifera) .....	204
NEL A., AZAR D. & HERVET S., A new rhopalosomatid wasps in the Paleocene of France (Hymenoptera) .....	211
KIREJTSHUK A. G., NEL A. & COLLOMB F.-M., New Archostemata (Insecta: Coleoptera) from the French Paleocene and Early Eocene, with a note on the composition of the suborder .....	216
NEL A. & PETRULEVIČIUS J. F., Afrotropical and Nearctic genera of Odonata in the French Oligocene: biogeographic and paleoclimatic implications (Insecta: Calopterygidae, Aeshnidae) .....	228
AZAR D. & WALLER A., Redescription of <i>Eatonisca tertiaria</i> Meunier 1905 from Baltic amber (Diptera: Psychodidae: Trichomyiinae) .....	237
LOUREIRO J. P., CORREIA P., NEL A. & PINTO DE JESUS A., <i>Lusitanoneura covensis</i> <b>n. gen., n. sp.</b> , first Caloneuroidea from the Carboniferous of Portugal (Insecta: Pterygota: Panorthoptera) .....	242
PETRULEVIČIUS J. F., NEL A. & SALLENAVE A. S., Recent genus <i>Notonecta</i> (Insecta: Heteroptera: Notonectidae) in the Lower Cretaceous of San Luis, Argentina : Palaeoecological implications .....	247
MAKARKIN V. N., New psychopsoid Neuroptera from the Early Cretaceous of Baissa, Transbaikalia .....	254
MINET J., HUANG D.-Y., WU H. & NEL A., Early Mecopterida and the systematic position of the Microptysmatidae (Insecta: Endopterygota) .....	262
PETRULEVIČIUS J. F., NEL A. & VOISIN J.-F., A new genus and species of darner dragonfly (Aeshnidae: Odonata) from the lower Eocene of Laguna del Hunco, Patagonia, Argentina .....	271
NEL A., NEL P., PETRULEVIČIUS J. F., PERRICHOT V., PROKOP J. & AZAR D., The Wagner Parsimony using morphological characters: a new method for palaeosynecological studies .....	276

Analyse d'ouvrage/Book review, by P. JOLIVET

ALLMON W. D., KELLEY P. H. & ROSS R. M. (EDS.) 2009. <i>Stephen Jay Gould. Reflections on His View of Life</i> .....	124
SEPKOSKI D. & RUSE M. (EDS.) 2009. <i>The Paleobiological Revolution. Essays on the Growth of Modern Paleontology</i> .....	293
BRASIER M. 2009. <i>Darwin's Lost World. The hidden history of animal life</i> .....	295

TARIF 2010 .....	2 <sup>e</sup> de couverture
PRICES 2010 .....	Inside front cover
Instructions aux auteurs .....	3 <sup>e</sup> de couverture
Instructions to the authors .....	Inside back cover
