

Curriculum Vitae

Name: Seyed Ebrahim

Family Name: Sadeghi

E-mail: ebrahim.sadeghi@rifr-ac.ir

Ebrahimsadeghi@hotmail.com

Address: Plant Protection Dep. Alborz Research Center, P.O. Box. 31585-343 Karadj, Iran.

Tel.: (0261) 6600810 and 6600811

Fax: 98- (021) – 6026575 and 98- (0261) 6603482

Educational Background:

Doctor of Philosophy (Ph.D.) in Biology and Agronomy, 1997.

Rennes University, France. (**INRA** Laboratory).

Ph.D. Thesis subject:

- Etude de la variabilité de vécion des BYDV-PAV et MAV par différents clones de l'espèce de puceron *Rhopalosiphum padi* L. et de quelques autres facteurs de l'épidémiologie de la jaunisse nanisante de l'orge. 114 pp.

Interesting research fields:

- Studying Insects bio-diversity in natural forest, range and woodlands.
- Integrated pest management for most important pests in the mentioned ecosystems.
- Taxonomy of Coccinellidae fauna in Iran.
- Oak gall wasp and their related parasitoids fauna on different oak species in Iran

Professional Experiences and jobs:

Deputy for forest and range protection division
Director for forest and range pests laboratory, in Research Institute of forests and Rangelands (RIFR), since 1998.

Memberships:

- Editor of Journal of Entomological Society of IRAN, since 1999.

National Research Projects:

- Poplar pest management in IRAN, since, 1998.
- Integrated pests and Diseases Management for Native and Exotic poplar clones and species in Iran. Since 2000.
- Investigation on gall inducing insects of oak in Iran (sience 2003)

Collaboration with research projects:

- 1- Insects fauna in forests and Range of IRAN (national projects).
- 2-Biology and distribution of poplar stem borer (*Aeolesthes sarta*) in IRAN.
- 3- Biology and natural enemies of poplar lace bug; *Monosteira unicostata* in Isfahan.
- 4- Syrphids fly fauna and the biology of dominant species in Khorasan province.
- 5- Oak gall wasp fauna in the Oak Forest of Zagros Mountain.
- 6-Oak gall wasp fauna in Arasbaran oak forest.
- 7-Biology and ecology of *Hypeunomeuta padellus* in Kohkiloyeh provinces.
- 8-Biology and natural enemies of ash psylle; *Psyllopsis repens* in Hamedan province.
- 9-Biotic and abiotic effecting factors on the biology of Gaz psylid, *Cyamophila dicora*, in Isfahan province.

Collaboration with graduate student's Projects (Student's thesis committee):

- 1- A study on biology and natural enemies of *Nuculaspis abietis* (Hom. Diaspididae), 1998-99. *Dep. of plant protection, Agricultural faculty of Guilan university.*
- 2- Purification of (PAV) isolate of Barley yellow dwarf virus, 1997-99. *Dep. of plant protection, Agricultural faculty of Shiraz university.*
- 3- A study on biology and natural enemies of Alnus leaf feeder, *Galerucella lineola* L. (Chrysomelidae) in Golestan provinces. 2000. *Dep. of plant protection, Agricultural faculty of Orumieh university.*
- 4- A complementary study on biology and natural enemies of *Cyamophila dicora* (Hom. Psyllidae) in Isfahan, 1998. *Dep. of plant protection, Agricultural faculty of Industrial university of Isfahan.*
- 5- A study on psyllophagous coccinellids on *Pistacia vera* in Kerman province. 2001, *Dep. of plant protection, Agricultural faculty of Shiraz university.*
- 6- Comparative study on the fecundity of walnut aphid, *Chromaphis juglandicola* and its parasitoid wasp, *Trioxys pallidus* (Hymenoptera:Braconidae). 2000. Dep.of Entomology, Tarbiat-Moddarres University. Tehran.
- 7- Poplar species and clones susceptibility to *Platymicterus marmoratus* Col.: Curculionidae) in Guilan province. 2000. **Forest faculty of Guilan University.**
- 8- Laboratory studies on the Biology and host preference of lady beetle *Oenopia conglobata* (Col.: Coccinellidae). 2001. **Agricultural faculty of Guilan university.**

Teaching:

General entomology, Important pests of field's crops, Important pests of fruits trees, Integrated pest Management (IPM), *Agricultural faculty of Zahedan University*, 1997-1999.

Publications:

- 1- Sadeghi, S.E., and Morteza Esmailli, 1992, Preying habits and hibernation sites of *Coccinella septempunctata* L., *Hippodamia (Adonia) variegata* (Goeze) and

Psylllobora vigintiduopunctata L. in Karaj. *Journal of Entomological society of Iran*, **11** (let 2), 19-34.
